

USER GUIDE

EBMS Web Portal

ABSTRACT

This user manual is for the data entry operators, working in respective C.D. blocks of west Bengal on Egiye Banglar Ma O Shishu (EBMS) Data Entry Web Portal

EBMS Web Portal Address (URL):

<http://egiyebangla.online>

type this address in your web browser and the following page appears:

GOVERNMENT OF WEST BENGAL
Health & Family Welfare Department

এগিয়ে বাংলার
মা ও শিশু

যেহা মাকে শুধায় ডেকে--
"এলেম আমি কোথা থেকে,
কোন্খানে তুই কুড়িয়ে পেলি আমারে।"
মা শুনে কয় হেসে কঁদে
যেহা করে তার বুকে বেঁধে--
"ইচ্ছা হয়েছিল মনের মাঝারে।....."

এগিয়ে বাংলার মা ও শিশু

Well being of mothers and children is the inspiring vision of this intervention

The scope of GIS supported RMNCH Monitoring Framework 'Egiye Banglar Ma O Shishu' (EBMS) is broad. Ensuring the good health and well-being of newlywed couples, it attempts to make sure that the health and nutritional status of women are protected in the critical months of pregnancy and results in safe motherhood. EBMS subsequently tracks the newborn babies for in-time immunization.

In brief, this intervention is designed to help protect lives and ensure good health of the most vulnerable population in the State while accelerating efforts to achieve targets specified in the global Sustainable Development Goals.

SECTION - I (INDEX) Tracking of Eligible Couples (EC) and use of Contraceptives (EC-1)

SubFacility / SubCentre: Select Village: Select

MS Id :(auto generated) S No. of EC in RCH Register:

Health Provider Name: Select ASHA Name: Select

Name of Woman: Name of Husband:

Bank Details and Aadhaar No. of Woman:

Account Number: Bank Branch:

Bank Name: Select IFSC Code:

Aadhaar Number: Is Aadhaar Linked: No

Bank Details and Aadhaar No. of Husband:

Account Number: Bank Branch:

Bank Name: Select IFSC Code:

Aadhaar Number: Is Aadhaar Linked: No

Other details:

1. Select Sub Centre and Revenue Village Name from the Drop down menu.
2. Based on your selection (revenue village), the name of Health Providers and ASHAs will be populated in the respective drop down menus for selection.
3. Specific points to note
 - a. For EC's address, drop down menus are available District – Block/Urban Master of West Bengal (EC will either be registered in rural area, i.e. village OR in Urban area, i.e. M/MC/M.Corp with Ward number and address field). There is a provision for selecting address as **“Other State” (State and District Name)**
 - b. PIN Code is mandatory
4. Enter other details of EC (like name, age, registration date etc.) and Click on ‘Save’ button, available at the bottom of the page

SAVE CONTINUE NEW ENTRY

5. ‘Continue’ button is there to enter details of the EC in EC2 Form
6. ‘New Entry’ button can be utilized to enter details of another EC (Already selected Sub-Centre and Revenue Village names will remain unchanged for ease of data entry. This helps in entering details of multiple ECs under the same village).
7. EC1 and EC2 Forms (once saved and continued to PW registration), cannot be edited further.
8. On saving the EC1 Form, a system generated 10 digit MS id (Ma O Shishu id) will be visible in the EC1 Form. The MS id may kindly be noted by the users for communication with ANMs and others

GOVERNMENT OF WEST BENGAL
Health & Family Welfare Department

Home Data Management Advance Search

SubFacility / SubCentre : Select

MS Id :{auto generated}

Health Provider Name: Select

MS id will be displayed here

MS ID starts with 1 (for Mother) or 2 (for child)

10 digit logic is as follows:

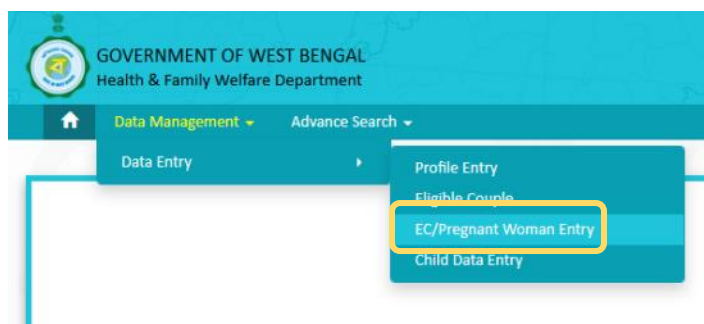

1 3 5 2 6 8 7 4 1 9

2 3 5 2 6 8 7 4 1 9

First digit	Next 7 digit	Last 2 digit
'1' denotes Mother '2' denotes child	Next 7 digit is auto-generated for each mother and child in a year	Last 2 digit denotes calendar year

EC 2 entry and continue to corresponding Forms (PW1, PW2, ANC, Delivery, PNC and Immunization)

Click on 'EC/Pregnant Woman Entry', the following page appears:

1. Select Sub Centre and Revenue Village
2. Now Select an option
 - a. Eligible Couple (EC1 done, presently under EC2)
 - b. Registered Mother (PW1 data entry completed and the mother is under corresponding service delivery)
 - c. Unregistered mother (EC completed, i.e. pregnancy positive, but PW1 form is yet to be entered)
3. Based on the selection, list of beneficiaries will be displayed

4. Here, you can sort the table on any data field, just by clicking on the field name

5. Note:

For existing (already registered) beneficiaries:

For all existing registered mother and child (legacy data received from GoI till 8th November, 2019), 12 digit RCH id is also there. You can search these beneficiaries with the existing RCH id in the portal.

For all these beneficiaries, the EBMS portal has also generated MS ID which is displayed in the system, along with RCH ID. MS ID of the existing (already registered) beneficiaries may kindly be noted by the users for communication with ANMs and others.

For new beneficiary:

While registration of a new beneficiary (Eligible Couple or child after delivery), Only MS ID will be generated by EBMS portal.

In future, while sharing the dataset with GoI, RCH ID of the new beneficiaries will be provided by GoI and accordingly, will be displayed in the EBMS portal too

6. Click on the id, the respective forms will be displayed

Search a beneficiary with id only (Mother)

After login into the web portal, the following page appears

The screenshot shows the top header of the EBMS portal. On the left, there is a logo and the text "GOVERNMENT OF WEST BENGAL Health & Family Welfare Department". In the center, there is text in Bengali: "এগিয়ে বাঁচলার মা ও শিশু". On the right, it says "Logged-in user : Jhargram Log Out". Below the header, there is a navigation bar with "Data Management" and "Advance Search" options. The main content area is a large white box with a yellow border. Inside this box, there is a search form titled "Search Eligible Couple / Mother / Child :". The form has a text input field with the placeholder "Enter for active RCH/MS Id" and a "GO" button.

Here, you can enter the RCH id or MS id of a beneficiary and click on 'Go' button, the system will redirect you to the last saved data entry form for the respective beneficiary

Past Obstetrics History

Total No. of Pregnancy (previous) : 1

Details of last two Pregnancy

Complications	Outcome of Pregnancy
Last Pregnancy : Select <input type="checkbox"/> None	LIVE BIRTH

Left panel of the above screen contains different modules of data entry

ANC Page

The screenshot shows the 'ANC Page' of the Government of West Bengal Health & Family Welfare Department portal. The header includes the department's name in English and Bengali, along with the logo. The main navigation bar contains 'Data Management' and 'Advance Search' dropdowns. The user is logged in as 'Jhargram' and can log out. The page title is 'SECTION-II Tracking of Pregnant Women'. A search bar for 'Type RCH/MS Id.....' with a 'GO' button is present. The left sidebar shows a tree view under 'Section II' with 'Tracking Of PW' expanded, listing 'General Information(PG-1)', 'General Information(PG-2)', 'ANC Details' (highlighted), 'Delivery Outcome', 'Infant Details', and 'PNC Details'. The main content area displays four expandable sections: 'ANC1 Visit Details', 'ANC2 Visit Details', 'ANC3 Visit Details', and 'ANC4 Visit Details', each with a '+' icon.

1. Four (4) separate forms are available to enter ANC service delivery details (ANC 1 to ANC 4).
2. On click of any ANC form, the respective data fields will be visible
3. Without entering details in ANC1 form, details of subsequent ANCs cannot be entered, e.g. data can be entered as ANC1, then ANC2, then ANC3 and then ANC4

PNC Page

The screenshot shows the 'PNC Page' of the Government of West Bengal Health & Family Welfare Department portal. The header and navigation bar are identical to the ANC page. The left sidebar shows the same tree view, but 'PNC Details' is highlighted. The main content area displays two expandable sections: 'Mother PNC Details' and 'Infant PNC Details', each with a '+' icon.

1. For ease of data entry, Mother and Child PNC detail forms are now visible in the same page. On click of respective PNC form, the corresponding data fields will be visible

Search a beneficiary with id only (Child)

Similar to Mother, you can search a child with RCH/MS id from the home page, after login. the system will redirect you to the last saved data entry form for the respective beneficiary
